

Heat Gun HG-25

Features

- Temperature 220-650°C
- 2-Speed heat settings
- Overheat protection
- Upto 1800W

Stainless steel
nozzle

Air vent

Dual speed

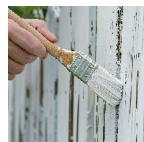

Technical Data

Model	HG-25
Power Input (Watts)	1600-1800 W*
Switch Type	Dual Speed
Voltage (V) / Frequency (Hz)	220v - 240v / 50hz
Temperature Range (°c)	220°c - 650°c

Areas of application

Wrapping
cars

Paint
stripping

Bending
tubes

Shrink
packaging
